# Our Story

**2022**

**Bean Brew Coffee** began with a simple mission: to bring authentic, high-quality coffee to people who truly appreciate it. What started as a small venture driven by a deep love for coffee has grown into a full-fledged premium coffee brand.

**2023**

We started by traveling to coffee origins, meeting farmers, and learning the art of sourcing and roasting. We believed in doing it right — not just buying coffee, but understanding where it came from, how it was grown, and who grew it.

**2024**

With demand growing, 2023 marked our entry into multi-origin sourcing. We added new relationships with producers in:  
Colombia – known for smooth-bodied beans with bright acidity.  
Cerrado, Brazil – delivering consistency and nutty sweetness.

**2025**

In 2025, we proudly became a certified member of the Specialty Coffee Association (SCA) — a major milestone that affirms our commitment to global coffee standards and continuous improvement.
